Large Output!	3

```
user <- "Kevin Putschko"
```

Introduction

Just testing some things...

Large Output!

Using the `kable` package provides the smallest size and quickest runtime, along with repeating headers.

2019-11-08 13:54:37

```
# pizzaplace %>% slice(1:20000) %>% gt()
# pizzaplace %>% slice(1:20000) %>% kable(longtable = TRUE) %>% kable_styling(latex_options = "repeat_h
# pizzaplace %>% slice(1:20000) %>% flextable()
```

```
pizzaplace %>%
  slice(1:50) %>%
  kable(longtable = TRUE) %>%
  kable_styling(latex_options = "repeat_header")
```
